CAREER OBJECTIVE

To obtain an entry-level position where I can apply my knowledge of web development and programming to develop efficient and user-friendly solutions, while continuously learning and contributing to the organization's growth.

EDUCATION

- **B.Tech – Computer Science & Engineering (2023–2026)**
Matoshri Pratishthan's Group of Institutions SOE, Nanded
CGPA: 7.34
- **Diploma - Computer Engineering (2020–2023)**
Gramin Technical and Management Campus Vishnupuri, Nanded
Percentage: 73.26
- **SSC (2020)**
Percentage: 84.40

PROJECTS

- **AI Meeting Summarizer:-** Developed an AI-based meeting summarization system that converts meeting conversations into concise summaries using Natural Language Processing (NLP). Implemented speech/text processing, automated summarization, and user-friendly interfaces to improve productivity and reduce manual note-taking.
- **E-Commerce Store Sales Dashboard (Power BI):-** Developed an interactive business intelligence dashboard to analyze e-commerce sales performance, profit, product categories, payment methods, and regional trends. Utilized Power BI for data visualization, KPI tracking, and dynamic reporting with filters and slicers to generate meaningful business insights and support data-driven decision-making.
- **BakeEase - Online Bakery Management System:-** Created a responsive bakery management system to handle products, orders, and customers. Implemented features like product search, shopping cart, and secure login to streamline bakery operations.

INTERSHIP

Web Development Intern – Skill Dunia (Sept 2024 - Oct 2024)

- Completed a web development internship focused on HTML, CSS, and JavaScript.
- Built a To-Do List project using CRUD operations to manage and store user data.
- Gained hands-on experience in designing responsive user interfaces and improving front-end functionality.

KEY SKILLS

- Languages: Python, C, JavaScript, PHP, Java
- Frontend: HTML, CSS
- Backend / Database: PHP, MySQL, SQL, REST API
- BI & Data Analytics: Power BI, Excel, Data Visualization
- Tools & Technologies: Git, GitHub, VS Code, NLP

CAREER GOAL

To begin my professional journey in an entry-level role where I can apply my knowledge of web development and programming to contribute to innovative projects, gain hands-on experience with real-world technologies, and grow into a proficient software professional.
